

# BergXperience - Autumn 2024

## Skiing hut to hut

BergXperience also offers ski hut tours by registration: ski with a group for 4 or 5 days through the beautiful Dolomiti Superski area. You can register alone, but of course also with friends and/or family. [Check out the offer here!](#)

## Updated website

This summer we have been working the website. The layout has been changed and there are now specific example trips on it. The hut-to-hut tours are still tailor-made, but it is now clearer what a tour entails and what is possible. [Take a quick look.](#)

## September hiking month

Summer is coming to its end, but it's still busy at BergXperience. And rightly so, because in September the temperature can still be very pleasant and the weather is more stable. It is possible to hike tours until September 20, but some huts are even open until October 1st.

## New: Group hiking tours

This summer we regularly received questions from people who prefer to join a group for a hut-to-hut tour. Next summer BergXperience offers two group hiking tours: around the Civetta in 3 days or in 4 days. These group tours are not guided, but you won't walk alone either.

## Hut to hut tours with children

This summer, some families with children between 7 and 10 years old walked a 4-day hut tour. A super fun experience for kids! A tailor-made tour can also be made for older children, then the stages are just a little longer and a bit more difficult. [Click here for more information.](#)

BergXperience has even written a contribution to an e-book about hut-to-hut tours with children.

## Summer 2025

Although the winter season has yet to start, the first tours for next summer have already been booked. Especially if you want to walk a tour on the famous AV1, you should book early, because these huts are fully booked well in advance. [View the offer here.](#)
